PROMOTION OF INDO-NORWEGIAN TRADE—TRADE LETTERS EXCHANGED.

With a view to promoting trade between India and Norway, letters were exchanged this morning, August, 29, 1950, at New Delhi between Mr. C. C. Desai, Secretary to the Government of India, Ministry of Commerce and Mr. Jens Schive, Norwegian Minister in India.

Under the letters now exchanged, both the Governments will endeavour, in accordance with the understanding reached between them, to expand the trade between the two countries and items which are in short supply in one country will be licensed for export from the other subject to certain conditions. Applications for export licenses to ther country will ordinarily be treated by the two .overnments in the same way as those made for any other country of the soft currency group in accordance with he licensing procedure in force from time to time.

The Government of Norway have extended to India concessions granted to member nations of the O.E.E.C. (Organisation for European Economic Co-operation). The concessions cover two types of lists, *viz.*, the "free list" and the "global list". The "free list" will be in force until further notice, whereas the "global list" has been cancelled by the Government of Norway on March 16, 1950, with a grace period of six months from January 1, 1950 for goods already licensed under the "global list".

NO TERRITORIAL DISCRIMINATION.

Representatives of the two Governments have agreed that within the currency groups, there would be no territorial discrimination and accordingly applications for licenses for import of goods from one country into the other would ordinarily be treated equally favourably by the two Governments as compared to any other country of the soft currency group in accordance with the licensing procedure in force from time to time.

A Meeting of the Executive Committee Members of the Hindustan Aircraft, Limited, Employees' Association and the Management represented by the General Manager and

the Personnel Manager of the Hindustan Aircraft, Limited Factory was held in the Chambers of the Hon'ble, Minister for Law and Labour, Old Public Offices, Bangalore, in the presence of the Labour Minister, the Labour Secretary and the Headquarters Assistant to the Labour Commissioner.

The employees' representatives suggested that the employees should be made to feel that they would not be victimised in any manner if they got back to work and that the employees should be given their badges and punch cards so that no employee may be under the apprehension that he will be kept back.

It was also suggested that after they got back to work and normal conditions prevailed, the persons detained in this connection may be released and the prohibitory orders withdrawn.

The General Manager, Hindustan Aircraft, Limited, felt that there can be no objection to the release of the persons and the withdrawal of the prohibitory orders after the empolyees got back to work and normal conditions prevailed.

Regarding the question of the workers being admitted to work and the assurance that there will be no victimisation, he was free to state the all the employees will be admitted to go back to work on their presenting themselves therefor, and that the badges and punch cards will be supplied to them as usual. But regarding the question of victimisation, he has already made it clear that there is no question of victimisation at all and that all that he contemplates is taking disciplinary action against about a dozen people who have openly flouted the authority of the Management and have otherwise misbehaved. After prolonged discussion, it was agreed that there could be no objection to the General Manager issuing notices to these dozen people to explain their conduct and that it would be desirable that the final decision on the matter should vest in a Committee consisting of a representative of the Management, a representative of the Employees' Association and a representative of the Government. It was also agreed that this Committee may be composed of the General Manager, an elected representative of the employees and the Labour Commissioner in Mysore.

Subject.—No issue of rations to visitors to Mysore during the Dasara.

In view of the critical food position in the State this year and the difficulties experienced in meeting even the normal requirements of rationing, it would be impossible for the Food Department to issue any foodgrains or sugar to Visitors to Dasara Exhibition opening at Mysore from the 12th October 1950. Intending visitors to Mysore during the Dasara are therefore cautioned that no rations will be issued to them but that they should provide themselves with their own rations so as to save themselves the inconvenience to which they may be put for want of rations.

Press Note.

In order to reduce the pressure on cereals, a number of persons all over India have voluntarily agreed to draw their quota of cereal rations for six days in the week only. It is earnestly hoped that similar offers will be made by persons in this State also, which Government would greatly appreciate in the present acute food position. In order that the savings accruing out of this offer is fully availed of by the Government, the following procedure would be followed in the State :—

Persons desiring to draw their rationed foodgrains only for six days in the week are requested to present their ration cards to the respective Food Inspectors of the Division in the statutorily rationed areas and to the Amildars of the concerned Taluk or to any Officer authorised by the Amildar in this behalf in non-rationed areas, with an application signed by the holder of the ration card or by the head of the family, as the case may be, saying that he would like to draw only six days' rations in the week in his ration card with effect from the next rationing week. The officer concerned would forthwith stamp the card or cards with the words "six days" and will intimate the above fact to the concerned distributing centre for issuing six days' ration every week. The Authorised retail distributors would be supplied with a correspondingly lesser quantity of cereals from the Government godowns.
